

SKILLSUSA

SkillsUSA is an applied method of instruction for preparing America's high performance workers in public career and technical programs. It provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communications skills. It emphasizes total quality at work—high ethical standards, superior work skills, life-long education, and pride in the dignity of work. SkillsUSA also promotes understanding of the free-enterprise system and involvement in community service.

SkillsUSA Partners

Business and Industry partners are vital to the success of our organization, which is providing our workforce with trained and prepared workers across numerous technical areas. Business and Industry partners drive SkillsUSA by providing us with the guidance and resources to meet the demands of their industry.

We have opportunities for partnership in our advisory committee, chairing or judging competitions, sponsoring a session, providing travel scholarships to state winners, volunteering at district or state conferences, and much more.

Being involved with SkillsUSA has proven to be a very rewarding investment for our business partners. They enjoy watching students succeed in competition and many students have even been hired during conferences.

CONFERENCE SPONSORSHIP
