

Food Vendors for High Schools

Since Calhoun is located between Decatur and Athens, we only have one fast food restaurant, Subway, close by. Below are a couple of vendors that you can call and have delivered to Calhoun. Delivery will be at the front door of the Health Science Building, building 2. Make sure you give them a point of contact person for your school and your school name. We will have someone at the entrance to help with the deliveries.

Chick Fil A - 256-822-1014

Marco's Pizza - 256-822-1300

If this isn't what your students would eat, please know that you could use Grubhub and Uber Eats for businesses in the area or have them bring a sack lunch if they have special dietary needs
